

Bay Window without Soffit

Measure windows accurately using metal tape

- A - From ceiling to top of window frame. If you have crown molding do measurement "B" instead of "A".
- B - From bottom of crown molding to top of window frame.
- C - Top of window frame to floor for each window.
- D - Outside of window frame to outside of window frame for each window.
- E - Free wall space to left of bay window.
- F - Free wall space to right of bay window.

Please write all measurements near corresponding letter
